MARITIME

INDUSTRY

FILAMENT WINDING

Type IV & V vessels · Carbon & glass tubes

AFP & ATL

Multi-head · Multi-material · Thermoplastic

HYBRID STRUCTURES

Metal-composite integration · Assemblies

ADVANCED PROCESSING

RTM · Vacuum infusion · OOA

QUALITY & TESTING

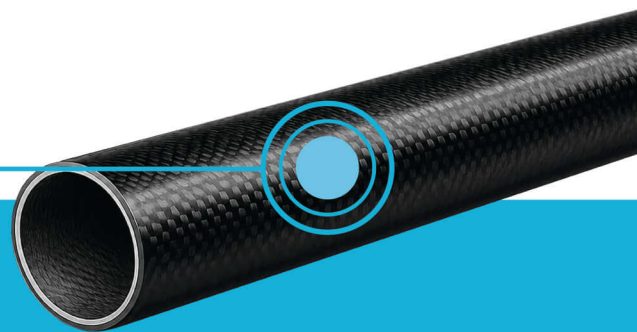

CMM · NDT · DSC · Mechanical testing

Powered by **COMPONOUS**

EMBEDDED FBG SENSING

Real-time strain, temperature & structural health monitoring – for composites and beyond.
